# SEMed Private Renewable Energy Framework “SPREF”

---

**Boosting development of private renewable energy markets in Morocco, Tunisia, Egypt and Jordan with efficient policy dialogue and financing mechanisms.**

An EBRD project implemented in Egypt, Jordan, Morocco, Tunisia  
Between 2015 to 2019 a budget of EUR 835,670 million.

In the framework of UfM Platform for Energy Efficiency and Renewable Energy

- To overcome barriers preventing the development of private renewable energy markets
- To provide technical cooperation support through policy dialogue and efficient financing mechanisms for the realization of renewable energy projects

**Local private energy companies investing in renewable energy in beneficiary countries**

1. Gap Analysis; Assessment of the key issues to be addressed
2. Conference; Presentation of the findings of the gap analysis
3. Policy dialogue to facilitate investment in RE
4. Technical assistance for project preparation
5. Investment; Debt and equity financing to private developers in RE

# Project Promotion: UfM Energy Business Forum

---

## High level Energy Business Forum

1. Business Opportunities: Investing Clean Energy
2. Success Stories and Best Practices
3. IFI's-UfM Partnership: Accessibility to Financing
4. UfM Project Showroom
5. Looking Ahead: Developing new concepts and approaches

Meet decision-makers, stakeholders and international experts: creating excellent business opportunities, providing privileged information and networking.
